At Your Own Pace

When the season turns, the bay grows still and the days take on a gentler rhythm. Mornings begin slowly, afternoons call for warmth and evenings gather around the table.

This winter, take your time. Let the days find their own pace, the moments linger a little longer and every experience become an opportunity to reconnect with what matters. Here, there is no need to rush. Every moment has room to breathe.

Simply Savoured

As the days take on a gentler pace, savour the flavours at The Chedi Luštica Bay, where every dining experience reflects beauty, richness and thoughtful detail. From comforting dishes and freshly brewed coffee to delicate afternoon rituals and thoughtfully crafted cocktails, each moment invites you to slow down and indulge your senses. Gather over beautifully prepared plates, enjoy the simple pleasure of a well-made drink or unwind with a signature cocktail as the golden light settles over the Adriatic.

Small Rituals, Well Made

Some of the best moments of a stay begin with something simple. A refreshing start to the morning, a carefully prepared drink, something sweet in the afternoon or a little more time to linger at The Lobby Bar.

These everyday rituals bring a sense of ease to the day. Take your time, find your favourite table and make room for flavour, conversation and a moment well spent.
